**October 1st, 2015**

16:00-20:00	Mectron Workshop <b>PIEZOSURGERY HANDS-ON</b> Alberto Salgado Velázquez	Sweden & Martina Workshop <b>MINIMALLY INVASIVE SURGERY</b> Domenico Baldi & Fernando Gómez Ferrer
-------------	---	--

**October 2nd, 2015**

08:00-09:00	Registration and Congress Opening	
	<b>Hall 1. Surgical Technique &amp; Tissue Preservation</b>	<b>Hall 2. Short Communications</b>
09:00-09:30	Minimally Invasive Implant Surgery <b>Domenico Baldi (Italy)</b>	Free papers (15 minutes presentations)
09:30-10:00	Application of Piezosurgery® to Minimally Invasive Implant Treatment <b>Keizo Miyoshi (Japan)</b>	
10:00-10:30	Sinus Lift Procedure avoiding Bone grafting complication <b>Dong-Seok Sohn (Korea)</b>	
10:30-11:00	Conservative management of the narrow ridge <b>Claudio Stacchi (Italy)</b>	
11:00-11:30	Coffee break	
	<b>Hall 1. Surgical Procedures &amp; Tissues Response</b>	<b>Hall 2. Short Communications</b>
11:30-12:00	May Photofunctionalization Improve Osseointegration? <b>Takahiro Ogawa (Japan)</b>	Free papers (15 minutes presentations)
12:00-12:30	May Piezosurgery® improve Osseointegration? <b>Gianmario Schierano (Italy)</b>	
12:30-13:00	May Piezoelectric Flap Elevation Improve Tissue Response? <b>Constantin Von See (Austria)</b>	
13:00-13:30	Discussion	
13:30-15:00	Lunch time	
13:30-15:00	IPA General Assembly	
	<b>Hall 1. Surgical Techniques &amp; Esthetic Results</b>	<b>Hall 2. Research</b>
15:00-15:30	Facial esthetics: minimally invasive facial osteotomies <b>Rainer Schmelzisen (Germany)</b>	Research and new projects on piezosurgery in the University Chairmen Pablo Galindo and Arturo Bilbao <b>Carolina Menénez</b> <b>Piedad Ramirez</b> <b>Daniel Torres</b> <b>Pablo Ignacio Varela</b>
15:30-16:00	Ridge expansion techniques <b>Angelo Troedhan (Austria)</b>	
16:00-16:30	How do we approach Cases with Extremely High Esthetic Demands? <b>Kiyoto Shiratori (Japan)</b>	
16:30-17:00	Coffee break	
	<b>Hall 1. Innovations</b>	<b>Hall 2</b>
17:00-17:30	Piezo-navigation Clinical Advantages <b>Alberto Bianchi (Italy)</b>	Tooth extraction and ridge preservation (Corporate podium I-Res) <b>Sergio Spinato (Italy)</b>
17:30-18:00	Piezosurgery applications in the pediatric patient <b>Javier Mareque (Spain)</b>	Split-crest and immediate implant placement with ultrasonic bone surgery <b>Joan Faus (Spain)</b>
18:00-18:30	Discussion
